

University Planning and Analysis Analysis: Schedule of Recurring Surveys

(last update: November 20, 2014)

University Planning and Analysis (UPA) administers a series of recurring institutional surveys. Please consult the tables below for the next five academic years of UPA surveys. Information provided includes responsible unit(s), the target population for the survey, and the anticipated field dates. For more information about the survey, and to view results from past administrations, please consult the UPA website ([student/alumni surveys](#) and/or [faculty/staff surveys](#)).

Those planning on administering a survey are also urged to consult the [Campus-Wide Survey Activities Calendar](#) for additional survey activities scheduled to be administered in the coming months. (Note: The Survey Activities Calendar requires NC State authentication to access [i.e., a Unity ID and password])
