NC State Survey Registration Form

Introduction
Any person planning on administering a survey to NC State students, alumni, faculty, staff, and/or administrators is asked to complete the Survey Registration Form.

Those not affiliated with NC State must first complete the External Request Form to get permission to administer a survey to NC State students, alumni, faculty, staff, and/or administrators. After approval is granted, the external requestor must complete the Survey Registration Form.

Limited information provided on the Survey Registration Form (i.e., the name of the survey, the survey population, and field dates) will be posted directly to a University-wide accessible Google Survey Activities Calendar, and a complete copy of the Form will be accessible via a link on the Calendar. The Form provides an option to request that the project information be exempt from posting to the Calendar.

All those planning on administering a survey are encouraged to consult the Survey Activities Calendar prior to confirming field dates in order to limit the number of competing surveys in the field at the same time. See http://upa.ncsu.edu/srvy/nc-state-survey-activities-calendars (Note: NCSU login credentials [i.e., a Unity ID] are required to access the Calendar.)

For more information about the survey registration process contact Dr. Nancy Whelchel, Associate Director for Survey Research and Chair of the Survey Advisory Committee, at ncsusurveys@ncsu.edu or 919.515.4184.

- 'External' survey (e.g., Someone from outside NC State wants our students, alumni, faculty and/or staff to participate in their survey project)
