

**Combined Future Plans Surveys and Survey of Recent Graduates
Academic Year 2016-2017 Graduates
College of Agriculture and Life Sciences
Summary Report**

This summary report presents combined results from graduating seniors participating in either the December 2016 or May 2017 Future Plans Survey (FPS) or the follow-up September 2017 Survey of Recent Graduates (SRG) for the College of Agriculture and Life Sciences.

Department Summaries

The following table provides summary statistics for academic year 2016-2017 graduates in each of the College of Agriculture and Life Sciences departments. It includes the number of students in the departments who graduated between December 2016 and the second summer session in 2017, as well as the number of those students who submitted the Future Plans Survey and/or the Survey of Recent Graduates. It also includes the number of students who indicated that at the time of the survey they had already accepted a full-time position (including military and volunteer work [e.g., Peace Corps]), and the number who indicated they were either attending or planning on attending graduate or professional school. Finally, it includes summary statistics on the self-reported salaries of those having accepted full-time employment.
