

SAS Visual Analytics – Switching from Modern View to Classic View

*The default appearance has been set to Modern View for all users

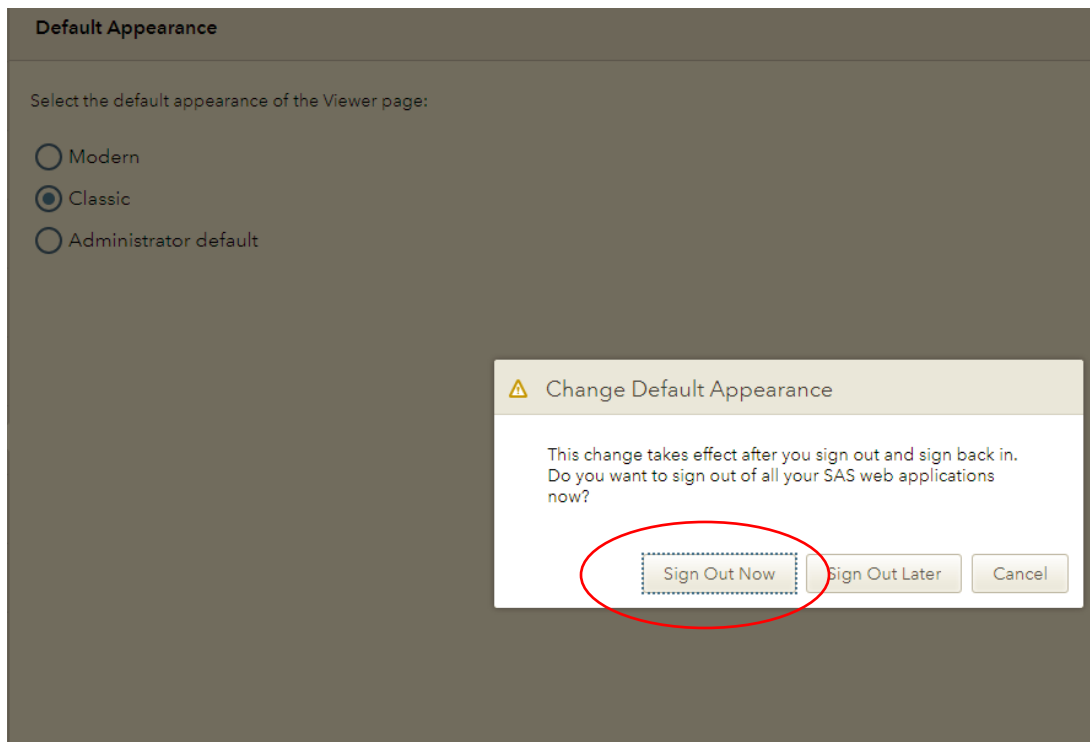

While viewing a report, click on your name in the top right corner of the screen and choose **Settings**.

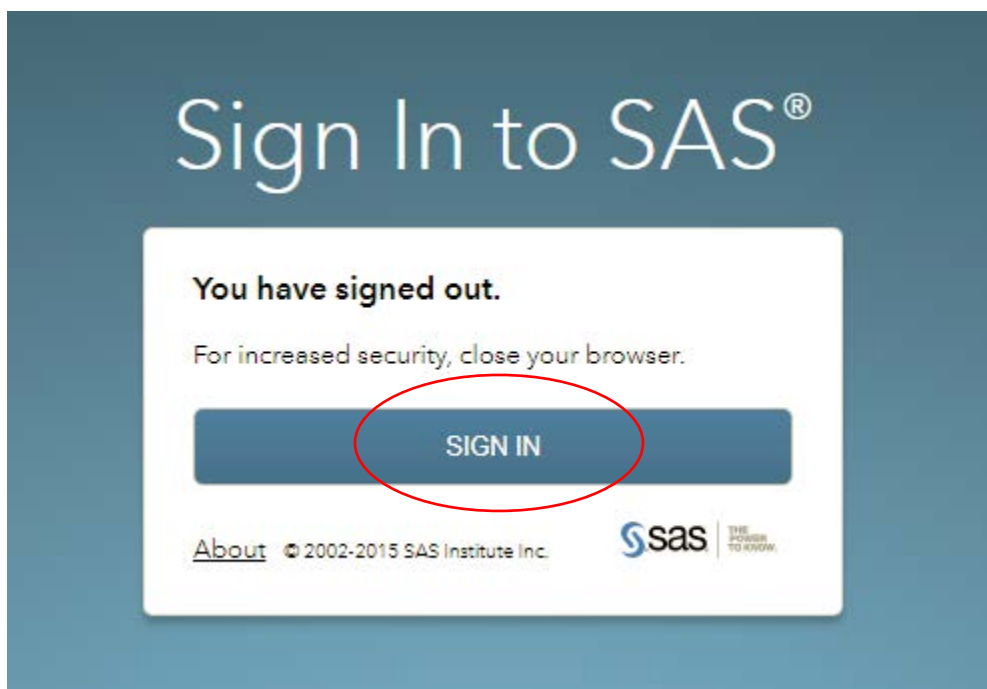

Choose **Default Appearance** from the left menu options.

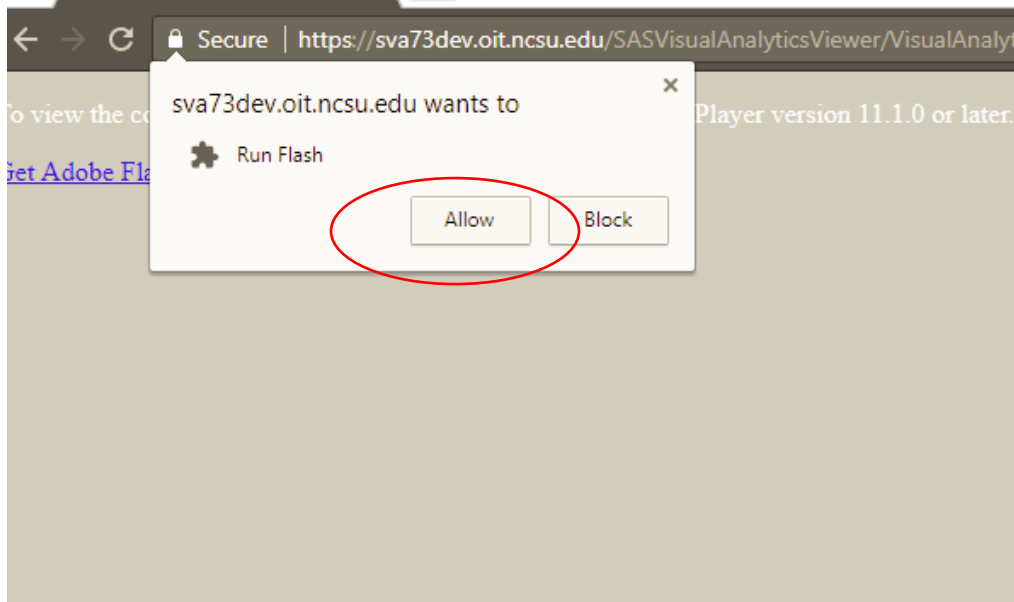

Once you choose **Classic** from the options, you will be prompted to **Sign Out Now**.

Sign back in and the reports will now display in Classic View, until it has been switched back.

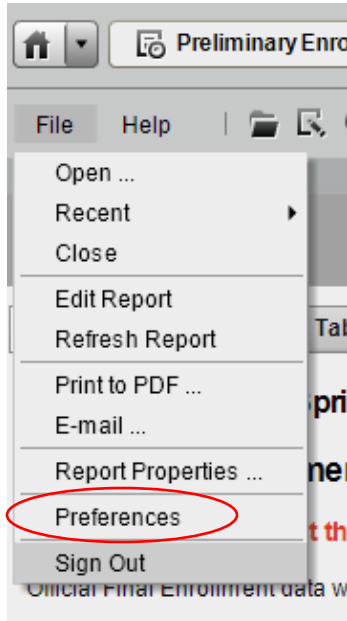

Note: Classic View must use Adobe Flash to display reports. You may get a request to allow your browser to run Flash. Choose **Allow** for this site.

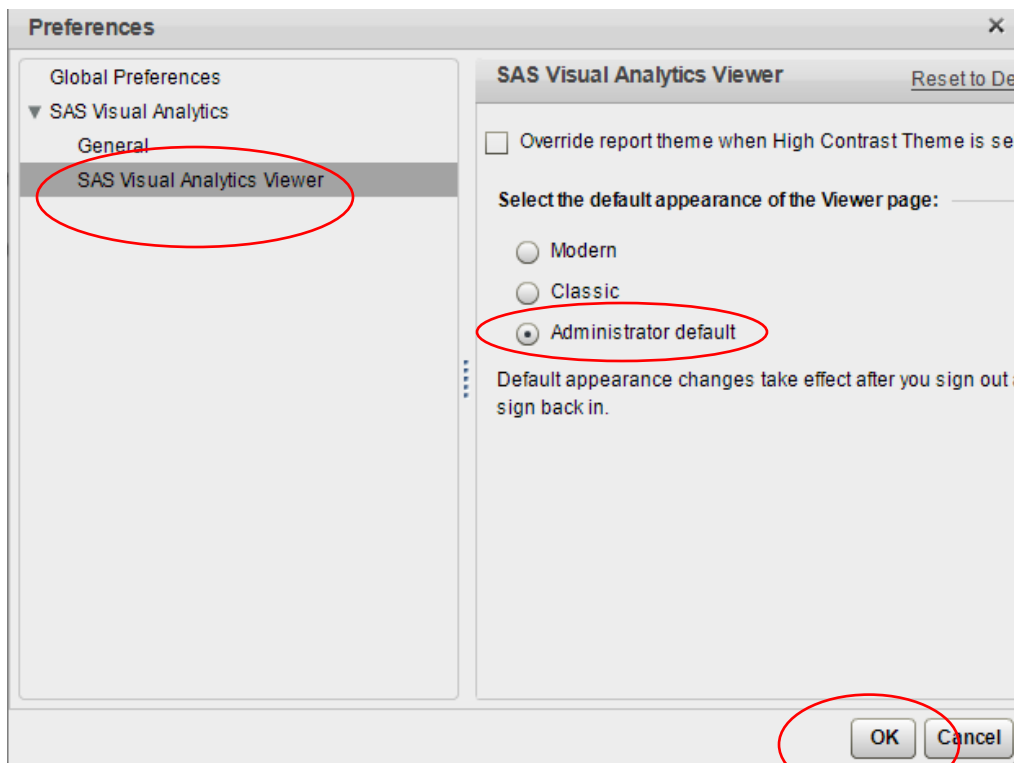

SAS Visual Analytics – Switching from Classic View to Modern View

While viewing a report, click **File** in the menu and choose **Preferences**.

Choose **SAS Visual Analytics Viewer** from the left menu options, then choose **Administrator default** on the right and click **OK**.

You will need to Sign Out and sign back in for the change to take effect. Note: SAS VA will not prompt you to sign out in Classic View like it does in Modern.

Sign back in and the reports will now display in Classic View, until it has been switched back.
